Welcome

Dear Disaster Risk Reduction partners,

Firstly, we would like to welcome you to this web site.

We are pleased to inform you that within the framework of the **UNISDR Project "Strengthened Disaster Risk Reduction in the Caribbean at the sub-regional, national and local levels"**, co-funded by DG ECHO within the DIPECHO Action Plan 2011-2012 for the Caribbean, **a contextualization process of a common format for the preparation of country documents has been launched**. A structure and guidelines of the document have been developed under the UNISDR DIPECHO regional project for South America. This document will be used as basis for the contextualization in the Caribbean.

This website was developed for the contextualization process and provides all relevant documents in English and Spanish:

- 1) The document to be analyzed in the contextualization process: "Common Format for the Preparation of Country Documents". It is available under the Section: "Documents"
- 2) A feedback form to structure your comments. You will be able to provide your comments online (form available under Section "Form English") or using the offline Word version (form available under Section "Documents") .
